Where: Loomis Lakeside at Reed's Landing

October 2016 Program

By Cindy Nothe

Our program for October 26 will be hands-on workshops on 6-8 topics requested by our members. This will be done in a round-robin format with three rotations of about 20-30 minutes each. Participants can choose the three topics that interest them most. The program will be finalized soon but will include sessions on how to prepare images for exhibition (print and digital), Photoshop techniques, Lightroom basics, and using camera equipment and accessories. Participants are encouraged to bring their camera bags, a flash drive with some images they might like to work on with our instructors, and even their laptops to get some practice using their own software. This has become a popular program for our club and it is most successful when members have the opportunity to learn by doing, especially with their own equipment. The atmosphere is casual and supportive, and we're sure everyone who attends will have an enlightening and entertaining evening.

People's Choice Awards / SPS Show at the VPC

By: Rosemary Polletta
