SPS video library continues to grow

One of the positive things to come out of the pandemic was the use of Zoom for club meetings and the ability to bring in speakers who otherwise would not have been able to present (a recent speaker was in Mexico City!). The club now also records and saves the presentations. There is quite a library on a variety of topics. You can find these on the [SPS VIDEO PAGE](#) all under the EXHIBITIONS drop down in the navigation bar. There you will find:

- Still Life Photography
- Storytelling for Photographers
- Tips for Great Wildlife and Nature Photography
- Why Black and White?

- Staying Inspired While Staying Put
- Low Light Landscape Photography
- Masking in Photoshop and Lightroom
- Finding November with Artistic Flair
- Mindset for Creative Photography
- Street Photography and Storytelling
- Architecture and the Art of Graphic Elements

There's much more, so stop by and check them out.
