

1. Familiarize yourself with this parking diagram. There are now 24 visitor spots in the main lot.

2. If the visitor spots are full, head out the main driveway and take John Mann Drive to the Nursing Center lot where there is always space. The visitor spots are just beyond the front door. There is a lighted sidewalk just <u>before</u> the Nursing Center that leads to our building. It is an extra two minutes to walk in from that lot.

3. If you like to walk and would like to save a space for someone who does not, consider parking in the Nursing Center lot.

4. If that is too far for you, come early to increase your chance of getting a visitor spot.

5. If you are having parking trouble, let me know and we will work something out. We do not want anyone to go home due to parking.
